Belling	Countrychef 100G	Silver	444445945
Belling	Countrychef 100G	Anthracite	444445946

## THE GRILL

DO NOT OPERATE THE ABOVE GAS COOKERS WITH THE GRILL DOOR CLOSED.

When the grill burner is operating the grill door must always be in the open position. If the grill is operated with the grill door closed, the air supply to the grill burner is restricted causing dangerous levels of Carbon Monoxide.

## APPLIANCE USE

All gas appliances must be installed and operated in accordance with the manufacturer's instructions supplied with the cooker. Correct use and adequate ventilation is essential to ensure safe use of these cookers. Using an appliance for any purpose, other than that for which it is designed, can cause serious safety issues.

These appliances are designed for cooking purposes only and must NOT be used as a space heater or for any other purpose.

## SAFETY INSPECTION

If you own any of the aforementioned Belling or New World cookers please contact us to arrange for one of our engineers to carry out a free safety inspection and complete any modifications required.

Call 0800 294 3128 with your product code and serial number.

The serial number and product code can be found on the data plate at the bottom front edge of the appliance.
