Welcome

Hertfordshire Archives is the specialist centre for the discovery of Hertfordshire's history, from 1060 to the present day. We welcome visitors (see our website for opening times) and this newsletter is to let you know about some special activities and exhibitions that will give you an opportunity to find out more.

Launch of the 'Making Memories' Project.

Hertfordshire Archives and Local Studies has been awarded £49,600 by the Heritage Lottery Fund to help develop community archive websites to help preserve stories and recollections from Hertfordshire residents. 'Making Memories' will be supported by archive, library and museum staff, but run by local volunteers, who will edit and oversee their development.

On Monday, March 23rd at Welwyn Garden City and Wednesday 25th March at Hertfordshire Archives, Hertford, the first events were held to find volunteers to join community archive groups and create their own websites.

At the two events the staff met a wide range of people with some very interesting stories to tell. If you would

like to be involved in setting up the websites please contact Daphne Knott. It is a great opportunity to learn new skills and no previous experience is needed.
