HERTFORDSHIRE COUNTY COUNCIL

CHILDREN SCHOOLS AND FAMILIES

Consultation Document  
On

PROPOSED PUBLISHED ADMISSION NUMBERS (PAN) 2005-2006

January 2004

## **Published Admission Numbers (PAN)**

The LEA, as an admission authority, is required to consult on the admission numbers for any years (relevant age group) for which it is intended to admit pupils for the first time, including Year 12, and, in the case of boarding schools any separate admission numbers for day and boarding pupils.

The PAN is set with regard to the assessed Net Capacity of the school. If the PAN is lower than indicated by the capacity assessment, this information must be published and parents have the right to object. It may also be set at a higher level than indicated by the capacity assessment and it is possible under exceptional circumstances to admit pupils above the published number. Normally, however, admission authorities need to consult before setting or amending an admission number.

The following schedule sets out the proposed PANs for Hertfordshire's Community and Voluntary Controlled schools for 2005-2006. The proposals are best estimates based on information currently available. However, because the LEA is required to have an on-going process of monitoring and review of school provision generally and admission numbers in particular, it may be necessary for some adjustments to be made between now and September 2005. The LEA will involve the schools immediately concerned and keep the Admission Forum informed of any such changes.

Hertfordshire, through the development of the School Organisation Plan has concluded that there are several geographical areas in which the quantity of surplus places in primary schools is such that a review of school provision will be required. This will inevitably have an impact on the level of admissions possible for the schools involved.

In Hatfield there is currently a public consultation relating to the re-organisation of Hazelgrove and Five Oaks schools. If proposals are accepted, this will lead to the closure of the two schools and the establishment of a 2fe primary school in 2004.

In north east Watford there is currently a review to reduce the number of surplus primary school places in the Leavesden Green, Woodside, Meriden and Garston areas. The schools involved are Leavesden Green JMI, Alban Wood Infant, Alban Wood Junior, Garston Infants, Lea Farm Junior and Meriden Primary. If proposals are accepted, these will become effective September 2005.

Other areas identified in the SOP as having a surplus of places in primary schools include:

Bushey  
Harpenden  
Hatfield  
Hitchin  
Hoddesdon  
Letchworth  
Potters Bar

South Oxhey  
Stevenage  
Welwyn Garden City East

There are two areas where a shortage of places in primary schools has been identified:

Croxley Green  
Radlett.

In the secondary sector, the SOP identifies a need for additional provision in the following areas:

Bishops Stortford  
Cheshunt  
South West Hertfordshire.
