Cells in this table have been randomly adjusted to avoid the release of confidential data.

* 'Number of students away from home' is the number of students and schoolchildren in full-time education who would reside in the area were they not living away from home in term-time.

The settlements in this table have been defined by HCC and do not necessarily correspond with definitions made by ONS. Settlement data has been created by apportionment of Key Statistics for Output Areas.

Table KS01 Usual resident population (numbers)

All people in Settlements in Hertfordshire

Settlement #	2001 population			People living in households	People living in communal establishments	Students living away from home *
	All people	Males	Females
