**REVIEW OF PANELS**

*Report of Director of Education*

Author: - Ray Shostak

Executive Member: - Derrick Ashley

**1. Purpose of the report**

To report on proposals for the method and timing of the review of Panels.

**Summary**

- 2.1 Select Committee on 18 October 2000 requested that a report be brought back to the Committee to consider how the new Children, Schools and Families structure could be reflected in the establishment and remit of Panels. This report was also to include a review of the role and involvement of the membership of the Committee and its Panels.
- 2.1 In the light of the review of existing Member structures, it is proposed that a more detailed report on this review comes to the Select Committee meeting of the afternoon of 22 May 2001, following consultation with existing Member panels.
- 2.1 In order to consult with Members, it is proposed that a paper be brought to the existing Panels to seek their views and that the views of spokesmen be sought separately.

**3. Conclusions**

The Select Committee is asked to consider these proposals.
