**BEST VALUE REVIEW PROGRAMME FOR 2001-2002**

*Report of the Assistant Chief Executive, Best Value & Scrutiny*

Author: Ahmed Farooqui Tel. 01992 588395

Executive Member: Alan Searing

**1. Purpose of report**

To agree a draft programme of Best Value Reviews for 2001-02, for consultation with the Select Committees in the next round, reporting back to Cabinet on 29 January 2001 prior to seeking full Council approval to the final programme in February 2001.

**2. Summary**

A 5 year programme of Best Value Reviews, starting in April 2000, was agreed by the Improvement & Review Committee in September 1999. The first year reviews are now complete except for Waste Management which has been postponed. The original programme for Year 2 (2001-02) has had to be revised for a number of reasons, for example, to take advantage of the opportunity to do a review in partnership with Districts. This paper sets out a suggested revised programme of reviews with details of the scope and timing of each review.

## 1. Background

A 5 year programme of Best Value Reviews was agreed by the Improvement & Review Committee in September 1999. At the time the Committee noted that in a dynamic organisation such as the County Council, while the review programme for Year 1 had to be firm, the schedule for Years 2-5 had to be flexible and responsive to changing circumstances. Specifically, the programme needed to take account of issues emerging out of the earlier reviews (HertsConnect, CSF etc) and opportunities for joint reviews with Districts.

All the reviews scheduled for 2000-01 are now complete, with the exception of Waste Management, which is postponed till Year 4 in order for the current work with Districts on developing an integrated waste management strategy is completed & implemented.

The revised programme set out below has been produced after detailed consultation with services over the past few months.

## 2. Changes to the original programme for 2001-02

The original and the revised programme of reviews for next year are set out below.

### Original programme 2001/02

1. Adults in need – services for the elderly & physically disabled
2. Environment Protection & sustainability
3. Employment of people & Personnel
4. Communications & Reprographics
5. Buildings Cleaning
6. Vehicle Maintenance
7. Amey property services
8. Lifelong learning
9. Community Safety

### Revised programme

1. Services for adults with sensory & physical disabilities
2. Services for the elderly with mental health problems
3. Environment Management
4. Employment of people & Personnel
5. Communications
6. Reprographics
7. Community Safety
8. LEA services for schools
9. Fire Service procurement
10. Economic Development Unit
11. Voluntary sector grants

Changes to the original programme fall into one of four categories: changes to scope, changes to timing, additions to the programme and presentational changes (e.g. changes in review title).

These changes have been made for a number of reasons: to allow the impact of recent reviews and major organisational changes to be known, to better fit with

service development plans, or to take advantage of an opportunity to review a service in partnership with the districts.

Appendix 1 sets out the revised five year programme together with the detailed programme for 2001-02 setting out the scope of each review, details of changes from the original programme and reasons for those changes.

Of the four reviews which appear in Yr 2 of the original programme but do not appear in the revised programme, the explanation is as follows:

- Buildings cleaning is rescheduled to Yr 5 and will be considered along with the overall Property review,
- Vehicle maintenance has already been reviewed as part of the Transport Review and is therefore taken out,
- Amey Property Services will be reviewed in Yr 5 as part of Property review,
- Lifelong learning is moved to Yr 3 in order to enable the impact of new developments such as Connexions to be taken into account.

### **3. Timetable for next year's review**

Reviews have been scheduled to start at staggered intervals between January and September 2001. The first of next year's reviews will therefore be able to report to Cabinet in May. All reviews will aim to finish within six months of the starting date, and account has been taken of the slack period in August. Nominations for membership of the Member Review Groups for the early reviews will be sought shortly. The full timetable is set out in Appendix 2 of this report.

## Year 2 Reviews (detail) – part2

	Review Title & Scope	Changes to the original programme + Reason for the changes
6.	<b>Communications</b> Corporate Communications, Departmental Communication teams Consultation activities throughout HCC	No change
7.	<b>Reprographics</b> Impressions, County Graphics, Design Studio , Web page designers	No change
8.	<b>Employment of people/Personnel</b> Corporate Training & Development , Dept.'al Training Units, Corporate Personnel, Dept'al Personnel Units, Emergency Planning, Health & Safety, Risk Management	Changes in scope: Health & Safety, Emergency Planning & Risk Management share offices & admin support with Personnel, it is thought sensible to include them all in the same review.
9.	<b>Fire Service Procurement</b>	Added to the programme: It is a Home Office statutory requirement that Fire Service Procurement is reviewed in Yr 2 of the programme. This review will have regard to the outcomes of the County Council's PACMAN review.
10.	<b>Economic Development Unit</b> Full scope to be developed in partnership with Districts	Moved from Yr3 (originally part of Strategic Planning & Settlement Strategies) Opportunity to carry out the BV review in partnership with Districts
11.	<b>Voluntary Sector Grants</b> Grants awarding process Grants criteria Multiple County/District grant applications Voluntary sector capacity to attract non LA funding	Brought forward from Yr 4: (2003/4)- originally scheduled under "Services to Minority & disadvantaged Groups". A number of Districts are undertaking a review of grant giving this year and have expressed an interest in working with HCC on this issue. Also District Audit is starting a Value for Money study in this area, which will require a significant contribution from HCC which could be used to support our own Best Value review process
