Dear Mike

Hertfordshire County Council's second response to SERAS

I enclose a copy of this council's second response to the SERAS consultation which is to be read in conjunction with our initial response submitted in December last year. As you can see there has been no change in the council's position.

This second submission has been agreed by Cabinet and will be put to full County Council on July 15 with the accompanying recommendations (also attached). I will write again immediately after that meeting to let you know if there are any changes or additions and to provide copies of the three appendices referred to.

Thank you for agreeing to this extension to your consultation period. I know you are anxious to make progress on the White Paper but it is this council's view that there are a large number of issues which need to be considered further before any decisions can be made.

If you have any queries please get in touch.

Yours sincerely

John Wood
Director of Environment

Copy to: Cllrs Robert Ellis, Derrick Ashley, Brian York, Chris White

COUNTY COUNCIL
